UCSD Financial Aid & Scholarships Office received your financial aid application and Selective Service Registration has not been confirmed. Financial aid processing is on hold until adequate documentation is reviewed.

Please provide the information requested and return it with this form to our office (address indicated above).

- **Selective Service Registration card or confirmation letter**
  
  If you have not registered, access the Selective Service System Online Registration at www.sss.gov and register.

  PLEASE NOTE: A valid Social Security Number is required for online registration. If you do not have a social security number, you may register at any U.S. Post office by filling out a card, signing and mailing it.

- **Exempt from Selective Service requirement**
  
  • Statement of why you are exempt
  
  • Documents showing proof of exempt status

  Submit documentation showing you are exempt from registration. Exemptions include a noncitizen who first entered the U.S. after he turned 26, or who entered the U.S. as a lawful nonimmigrant on a valid visa and remained in the U.S. on the terms of that visa until after turning 26. Information regarding exemptions is available at www.sss.gov (select “registration info” and then “Who Must Register?”) A letter from Selective Service is NOT required for a student who submits documentation showing he is exempt from registration.

- **Failure to Register**
  
  • DD214
  
  OR
  
  • Selective Service Status Information Letter
  
  • Statement of why you failed to register with description of situation

  A student who was required to register but did not register and is now over 26 years old can no longer register. In this case, in order to be eligible for financial aid, the student must demonstrate he did not knowingly and willfully fail to register.

  A student failed to register but who served on active duty in the armed forces may submit a copy of a DD214 (showing other than reserve forces, the Delayed Entry pool, and the National Guard and a character of service other than dishonorable).

  A student who failed to register and is without military service must write to the Selective Service to get a status information letter addressing failure to register. This student should submit a copy of the status information letter along with as complete a description about his situation as possible: where he was living during the period when he should have registered, whether he was incarcerated or institutionalized, his citizenship status during the period, if applicable, and so on.
